

The National Marine Life Center offers a variety of educational programs about marine animals, strandings, rehabilitation, and ocean conservation. Programs are tailored for each audience and may include a combination of PowerPoint slides, pictures, hands-on activities, marine animal specimens, and/or arts and crafts.

"We only conserve what we love, we only love what we understand, we only understand what we are taught."
~ Baba Dioum, African Ecologist

OUR MISSION

The National Marine Life Center is dedicated to rehabilitating for release stranded sea turtles, seals, dolphins, porpoises, and small whales, and to advancing scientific knowledge and education in marine wildlife health and conservation.
