

NATIONAL
MARINE
L I F E
CENTER

We rehabilitate and release stranded marine mammals and sea turtles in order to advance science and education in marine wildlife health and conservation.

August 8, 2022

How can you help rehabilitate marine animals, advance science, and teach kids about ocean conservation while also promoting your business?

Board of Trustees

Steve Parks

Beth Sobloff Jones

Chris Caulfield

President & Executive Director:

Connie Merigo

Founding Chairs:

Elizabeth S. Hornor

Townsend Hornor

Sponsor our 12th annual Feet for Flippers 5K!

Each year, hundreds of runners and walkers gather to support the only marine animal rehabilitation hospital on Cape Cod by participating in a 5K run/walk. The beautiful and flat route along the iconic Cape Cod Canal makes for a great event! Additionally, the event is family friendly and dog friendly, which makes it fun for all who participate. This year, we will be offering a hybrid event, welcoming in-person and virtual participants. We have also made a slight adjustment to the name of our race to better reflect the animals we work with.

All proceeds go directly to support our mission – marine animal rehabilitation, science, and education. And all proceeds are desperately needed, especially now.

Benefits to sponsors include being acknowledged on our participant t-shirts, race signage, social media posts, social media live broadcasts, and our various event websites. Sponsors also receive 1-5 race registrations depending on sponsorship level. Each advanced registration gives entry to the race, chip timing, a custom race t-shirt (including your logo on the back for sponsors at the \$500 and up levels), and an NMLC water bottle.

National Marine Life Center has an active social media presence and has recently been named a local “influencer” with over 31k Facebook and Twitter followers. We’d love to partner with you and promote your business! To take advantage of these benefits, complete the sponsorship form today. The deadline is September 16, 2022.

As animal strandings continue to escalate and human impacts on the environment become more severe, there is an ever-increasing need to care for endangered and protected ocean animals. And yet, the National Marine Life Center’s impact goes far beyond any individual animal. We reach thousands of people from all over the world – through our in-person Discovery Center and now through our online channels – who are eager to learn about marine animals and the ocean in which they live. We provide valuable, experiential internships to high school and college students and help build their career skills. Your sponsorship advances these goals.

Please call or visit our website (nmlc.org) to learn more about what we do and how you can help. Thanks very much for your consideration.

Best Regards,
Jackie Driscoll
Race Director and Trustee
