

NATIONAL  
MARINE  
L I F E  
CENTER

We rehabilitate and release stranded marine mammals and sea turtles in order to advance science and education in marine wildlife health and conservation.

Mary Neumann

William Lancaster

Chris Caulfield

Jackie Driscoll

*President & Executive Director:*

Connie Merigo

*Founding Chairs:*

Elizabeth S. Hornor

Townsend Hornor

**September 20, 2023**

**How can you help rehabilitate marine animals, advance science, and teach kids about ocean conservation while also promoting your business?**

**Sponsor our 13<sup>th</sup> annual Feet for Flippers 5K!**

Each year, hundreds of runners and walkers gather to support the only marine animal rehabilitation hospital on Cape Cod by participating in a 5K run/walk. The beautiful and flat route along the iconic Cape Cod Canal makes for a great event! Additionally, the event is family friendly and dog friendly, which makes it fun for all who participate. We are continuing to offering a hybrid event, welcoming in-person and virtual participants. Last year we made a slight adjustment to the name of our race to better reflect the animals we work with.

All proceeds go directly to support our mission – marine animal rehabilitation, science, and education. And all proceeds are desperately needed, especially now.

Benefits to sponsors include being acknowledged on our website, newsletter, and race signage. We are also offering race registrations and golf packages to share with your employees or clients.

As animal strandings continue to escalate and human impacts on the environment become more severe, there is an ever-increasing need to care for endangered and protected ocean animals. And yet, the National Marine Life Center's impact goes far beyond any individual animal. We reach thousands of people from all over the world – through our in-person Discovery Center and our active social media presence – who are eager to learn about marine animals and the ocean in which they live. We provide valuable, experiential internships to high school and college students and help build their career skills. Your sponsorship advances these goals.

Please call or visit our website ([nmlc.org](http://nmlc.org)) to learn more about what we do and how you can help. Thanks very much for your consideration.

Best Regards,  
Jackie Driscoll  
Race Director and Trustee
