

How can you help rehabilitate marine animals, advance science, and teach kids about ocean conservation while also promoting your business?

Sponsor our 14th annual Feet for Flippers 5K!

Each year, hundreds of runners and walkers gather to support the only marine animal rehabilitation hospital on Cape Cod by participating in a 5K run/walk. The beautiful and flat route along the iconic Cape Cod Canal makes for a great event! Additionally, the event is family friendly and dog friendly, which makes it fun for all who participate. We will continue to also offer a hybrid event this year, welcoming in-person and virtual participants.

All proceeds go directly to support our mission – marine animal rehabilitation, science, and education. And all proceeds are desperately needed, especially now.

Benefits to sponsors include being acknowledged on our race signage, social media posts, our widely distributed newsletter, and our event website. Premium and Platinum level benefits include the option to set up a vendor table at the 5k, an invitation to a private seal release event, and a behind the scenes tour with NMLC's President & Executive Director. Sponsors also receive 1-5 race registrations depending on sponsorship level. Each registration gives entry to the race, chip timing, a special swag item, and bragging rights!

National Marine Life Center has an active social media presence with over 167K TikTok followers, 32K Facebook followers, and 21K Instagram followers. We'd love to partner with you and promote your business! To take advantage of these benefits, complete the sponsorship form today. The deadline is August 15, 2024.

As animal strandings continue to escalate and human impacts on the environment become more severe, there is an ever-increasing need to care for endangered and protected ocean animals. And yet, the National Marine Life Center's impact goes far beyond any individual animal. We reach thousands of people from all over the world – through our in-person Discovery Center and now through our online channels – who are eager to learn about marine animals and the ocean in which they live. We provide valuable, experiential internships to high school and college students and help build their career skills. Your sponsorship advances these goals.

Please call or visit our website (nmlc.org) to learn more about what we do and how you can help. Thanks very much for your consideration.

Best Regards,
Jackie Driscoll
Race Director and Trustee
