

How can you help rehabilitate marine animals, advance science, and teach kids about ocean conservation while also promoting your business?

Sponsor our 16th annual Feet for Flippers 5K!

Each year, hundreds of runners and walkers gather to support our marine animal rehabilitation hospital by participating in a 5K run/walk. The beautiful and flat route along the iconic Cape Cod Canal makes for a great event! Additionally, the event is family-friendly and dog-friendly, which makes it fun for all who participate. We will continue to offer a hybrid event this year, welcoming in-person and virtual participants.

All proceeds directly fund our mission – marine animal rehabilitation, science, and education. And all contributions are deeply appreciated.

Benefits to sponsors include recognition on race signage, social media, and the event website. Higher sponsorship levels also include opportunities for additional visibility and engagement with NMLC, as well as complimentary race registrations based on sponsorship level. Each registration includes entry to the race, chip timing, a special swag item, and bragging rights!

National Marine Life Center has a strong social media presence with over 36K Facebook followers and 23K Instagram followers. We'd love to partner with you and promote your business! To take advantage of these benefits, complete the sponsorship form today. The deadline is August 14, 2026.

As animal strandings continue to escalate and human impacts on the environment become more severe, there is an ever-increasing need to care for endangered and protected ocean animals. And yet, the National Marine Life Center's impact goes far beyond any individual animal. We reach thousands of people from all over the world – through our Discovery Center (reopening in June!) and now through our online channels – who are eager to learn about marine animals and the ocean in which they live. We provide valuable, experiential learning opportunities to students and help build their career skills. Your sponsorship advances these goals.

Please call or visit our website (nmlc.org) to learn more about what we do and how you can help. Thanks very much for your consideration.

Best Regards,
Jackie Driscoll
Race Director and Trustee
